

OCCUPATIONAL HEALTH AND SAFETY POLICY

ACADEMIA COTOPAXI seeks continuous improvement through the implementation of preventive actions relating to workplace risk. Occupational health and safety is an important part of our organization and our initiatives seek to comply with legal requirements in occupational health and safety in Ecuador.

The school administration considers this policy to be an integral part of our activities and a priority for us to understand and meet its guidelines, ensure its dissemination, and allocate resources accordingly.

ACADEMIA COTOPAXI is committed to protecting our personnel and minimizes the risks caused by accidents and occupational related diseases. This includes members of our community such as: contractors, students, teachers and the community at large.

ACADEMIA COTOPAXI is implementing administrative mechanisms to control unsafe and hazardous conditions and reduce the likelihood of incidents and accidents.

ACADEMIA COTOPAXI is an organization that seeks continuous improvement. We follow correct safe practices and occupational health procedures to safeguard the integrity our employees, promoting continuous improvement in personal safety and health.

To comply with this policy, ACADEMIA COTOPAXI is committed to allocating economic resources and training personnel to be able to fulfil our health and safety plans.
